# Producer's Message

On behalf of the entire ALP-SEBB Events team we would like to welcome each and every one of you to Southeast Black and Blue Weekend 2024. We are all very excited to bring back one of Atlanta's premier BDSM & Kink education events.

The team here works year-round to plan events that give people a safe space to explore themselves, learn, and just have some fun. If there are ever things you want to see happen, let our team know so we can help make your ideas come to life.

SEBB Weekend itself is designed to be smaller and more intimate. We have limited attendance caps so that attendees can get more 1:1 time with presenters and other attendees. We have laid out workshop schedules in a way to allow everyone to have plenty of options available to choose from, and enough time to reset yourself in between.

Now to brag for just a moment about the ALP-SEBB Events team. We started things up 16 years ago with a handful of regular events just to have some fun. Now we have about 40 events scheduled over the course of 2024, and last year we obtained our official 501(c)3 status! None of this would be possible without our incredible team including Directors, our new intern, volunteers, and everyone who puts their love into making these spaces a reality.

Thank you for joining us to bring back SEBB Weekend - now go have some fun!

Nitro Hankinson  
Executive Director and President  
ALP-SEBB Events

The Tennessee Gryphons is an organization of gay or bisexual men who wear leather, subscribe to and promote the leather lifestyle, and engage in BDSM, which includes a variety of erotic practices involving dominance and submission, role-playing, restraint, pain-pleasure and tactile play, and other interpersonal dynamics. The purpose of the Club is to provide an atmosphere of fraternization, mutual emotional support, and friendship, and to create a safe space to learn, to watch, to engage, to ask questions, and mostly to have fun! We have approx. 40 Active Members and 20 Associate Members. The club was founded in 1998.

The Tennessee Gryphons yearly run, DELIVERANCE, is held in July at Timberfell Lodge and Campground, in Greeneville, Tennessee. We have an indoor play space, a demonstration and class from an invited player from outside our club, refreshments, and a Silent Auction of gently (!) used leather items.

The 2024 Run will be held from July 12th through 14th. Information and the Run signup is available at [www.tngryphons.org](http://www.tngryphons.org)

# Workshop Descriptions

## Intro to Practical Rope Bondage

*Pup Volt*

Bar 2

[Rate this Workshop.](#)

This beginner-friendly class will introduce you to the basic tools and knots that you'll need to bring rope bondage to the bedroom or the dungeon. Topics to be covered will include:

- Basic bondage knots, including single-column tie (with and without quick-release), double-column tie, reverse tension, and half-hitch.
- Safety tips and precautions for both rope tops and rope bottoms.
- How to incorporate the above tools when tying a person to a bed, chair, bench, column, or other piece of furniture.

Participation will be hands-on and will include 1-on-1 guidance from the instructor as time permits. You are NOT required to have any previous knowledge or experience with rope bondage in order to participate. Participants are also welcome to bring their own rope (consider bringing 2-3 pieces of 25-30 ft. rope), but a limited supply will be available to be borrowed during the class.

*Captain Adam*

[Rate this Workshop.](#)

This class covers key considerations and best practices for ensuring the best possible outcomes when presented with a medical or behavioral health emergency at your kink event or venue. Drawn from decades of experience and thousands of patients in a wide variety of fringe venues, we'll cover how to manage these emergencies when the patient is at risk not only because of what's happened, but because of who and where they are.

## Leathercare Basics

*Holly Myst*

Drag

[Rate this Workshop.](#)

Do you have leather but don't know how to care for it? Interested in bootblacking but don't know where to start? Want to pick up a new and useful skill? Well, this is the class for you!

In this class, we will cover the fundamentals of leather care; including leather identification, cleaning, conditioning, polishing and storage. It will also be a forum to ask questions about your leather. By the end of the class, Holly will provide the necessary steps of taking care of your leather, how to build your own kit, and resources to find credible information on leather care.

## It's More Than Just a Yes: Negotiation, Consent, and Communication in Play

*Running Aemok*

Dance

[Rate this Workshop.](#)

Negotiations are one of the most important lessons we can learn in life. For anyone venturing into the kink landscape, it's even more important as we frequently push boundaries and play in taboo subjects! From pick-up play to long-term relationships, good negotiation skills can make the difference between any/all parties enjoying themselves or walking away feeling hurt or violated. But how do newcomers and seasoned members of the community learn and hone the skills to be successful in negotiation? For the most part, it's a lot of trial and error but what if you had a space to practice these skills and get feedback? Join us for a discussion of the whys and hows of negotiation, the importance of consent and communication, and hands-on practice in honing your skills.

## The Thin Line Between Consensual Power Exchange & Domestic Abuse

*Sheperd*

Dance

[Rate this Workshop.](#)

Where is the line between, "He gets to choose how we have sex," and "I am pretty sure I didn't consent to that"? What about, "I realize that I wanted to be cuckolded, but I'm not sure my sexual health is being taken into account here"? The line between, "I want you to make my decisions," and, "but not that one!" can be very thin.

**SATURDAY 12:30P - 2:00P**

## Medical Casting

*LittleZap*

Bar 2

[Rate this Workshop.](#)

Casting is not only a form of medfet but also has many bondage options too. Learn about casting, including safety, materials needed, how to cast, different types of casts, and how you can incorporate them into your next scene.

## Magic Marks - A Very Hot Topic

*Master Archer*

Piano

[Rate this Workshop.](#)

From at least Neolithic times people have marked themselves in various ways. Marking bodies was done to indicate familial lines, tribal status, and the deities who they worshiped. While they were no doubt artistic they were also a source of protection and other magic provided by ancestral spirits and deities. Archer completed Fakir's Basic Body Piercing and Branding Intensives in 2014.

Today, branding is mostly a decorative body modification. In this class we will discuss various methods of hot branding, how to design brands, how brand design affects the techniques you will select from to give the best results, and limitations of techniques. Share a moment of time with us as we use one or more hot branding techniques to access the magic in the marks.

## Chastity 101: Don't Deny Yourself the Pleasure

*Nash*

Drag

[Rate this Workshop.](#)

Have your thoughts about being caged or caging someone? Are you new to chastity play and interested in learning more? Is chastity your kink, and do you want to know more about the best practices of a caged cock. Chastity 101, led by Nash, offers a practical layman's guide to chastity. During your time, they will instruct you on selecting a cage, wearing it, and staying locked. Learn facts, myths, and legends surrounding chastity.

Chastity, like many kinks, requires engagement. During the class, live models will be available to view up close, and a variety of styles will be available for try-on. Note: this class will feature chastity cages designed for male genitals.

Jay Jennings (he/him) blends his commitment to trans activism and organization with his interests in Leather and BDSM, particularly rope bondage and impact play. As a passionate trans activist, Jay advocates for greater visibility and acceptance within the LGBTQIA+ community, by sharing his personal journey to empower others to embrace their authentic selves with confidence. Jay is one of the founders of Trans Atlanta Social Club, a newly reorganized non-profit that seeks to provide opportunities and avenues for building community through positive activities. He brings his experiences to the Leather and Kink communities and believes that all bodies are sexy, beautiful, and have a place in the family. In his spare time, Jay volunteers his time as a fluffer for his husband, Ames', boudoir photography sessions.

### LittleZap

LittleZap has been in the kink community for nearly a decade. He is a swtichy gearhead, with a wide spectrum of kinks and experience in the kink world. He has two partners, tallglassofj in Atlanta, and AxxPup in Rochester.

### Nash

Meet Nash, born and bred in the heart of Tennessee. Nash is an Atlanta resident. An activist in turning heads and breaking boundaries in the pursuit of self-expression and equality, but don't let the serious side fool you – this pansexual knows how to infuse a dash of kink into every endeavor.

When not championing the rights of the marginalized, you'll find Nash exploring the sensual embracing bodies in all their forms. And when it comes to personal pleasures, Nash has a penchant for the art of anticipation, with a favorite fetish that's both alluring and intriguing – the delicate dance of chastity. They relish the thrill of edging, revel in the mystery of blindfolds, find solace in sensory deprivation, and embrace the power dynamics of humiliation.

### Poptart

Poptart is an Atlanta-native and lifelong kinkster. He works as a performer, stand-up comedian, and drag queen. He co-created and co-hosts the award-winning all-drag, all-stand-up comedy show, STANDING ROOM ONLY, at Mary's. He also has the honor of being the current reigning Mr. Atlanta Eagle. You can find him on Instagram @Poptartthequeen.

### Sheperd

Mx. Noël/Shepherd has been training animals, hitting people, and practicing formal etiquette all their life. Raised by the Last Great Southern Belle, she learned tea and animal training from childhood. Unsurprisingly, this translated easily to humans on their introduction to BDSM at 19.

Shepherd is an Our Whole Lives Lifespan Sexuality facilitator, former Board Member for Whippersnappers Atlanta, Mx Southeast Olympus Leather 2011, and a Regional Operating Committee member for LLCXVI. Their current, primary volunteer gig is that of Spiritual and Behavioral Health Director for Usagi Medical Group, an all-volunteer event medicine company. In her copious spare time, Shepherd rides motorcycles, scuba dives, works as a hospital chaplain, and attempts to keep up with their school-age children.

### Goddess Tonya

*She/Her/Goddess*

I am a woman of diverse skills and talents. I have walked the paths of child, daughter, sister, mother, spouse, partner, business woman, performer, teacher, facilitator, and so many more. I am an Autistic, queer, white woman of the American South who is kinky and consensually non monogamous. I have been active in the pagan, energy work, poly, and kink communities for over 20 years. I am also Co-Head of House Evolution.

I have been studying and practicing wellness modalities since early childhood. My passion for wellness led me to become an Erotic Embodiment Practitioner, Conscious Erotic Touch Practitioner, Reiki Master, body stress ritual facilitator, consultant, educator, and coach. As a society, we have been taught to ignore the relationship between our body, mind, and spirit. This denies us the pleasure and peace found when we are fully embodied. It denies us the ability to recognize that we are already whole and divine beings.

## Pup Volt

He/Him

Victor, also known as Pup Volt, is a Brazilian-American Millennial who lives in Atlanta with his polycule. Having grown up on boardgames and Dungeons & Dragons, he was used to spending long nights in somebody's basement having fun with complicated rules, and so he naturally took to the kink community as soon as he was able.

Now a regular at Atlanta's Men in Rope for eight years, Volt has taught introductory shibari and performed demonstrations at local events such as Getting Knotty, Atlanta Leather Pride, Kink Down South Weekend, and Furry Weekend Atlanta.

Outside of shibari, Volt is also a fisting top, a practicing furry, a Dungeon Master (in more ways than one), an amateur writer, and a Pokémon champion. Last but not least, Volt is a proud dog dad to Oliver, his polycule's 3-year-old pit bull puppy. Be careful! If provoked, Volt WILL go on for hours about how adorable and perfect his dog is.

Jack is a sadistic S.O.B. who enjoys many flavors of BDSM play including electro, impact, and CBT. Jack's passion within the lifestyle is Rope Bondage. He has been handling rope since he was a child and because of this rope can be seen as an extension of him. He is known to always have his rope with him to do some form of demo at a moment's notice. Jack is the coordinator for Atlanta's Men in Rope (est. 2015). AMiR's (ah – me – er's) focus is on introductory and intermediate rope skills with male identified bodies participating as rope models being tied by those who want to tie men. Outside of AMiR, Jack's teachings focus on tying bodies not tying genders. Jack has been teaching, volunteering, and event planning since he was a Boy Scout as a kid. This continued through college and is ongoing in the Kink Community. He has volunteered with Circle K International, Architecture for Humanity, Dragon Con Costuming track, and presented at many Kink events. Samuel is a leather boy, a little green to the lifestyle but always eager to learn more. He prioritizes serving others and loves to do as he's told. Need something done? He'll either do it or die trying. He's not usually one to stop so you might have to tie him down if you want to hold his attention. But, it's not a problem since the less he can move the happier he is.
